**Employee Engagement Survey Conducted for Woodard & Curran by
Talent Snapshot®**

Talent Management LLC and Orange Associates Collaborate

CINCINNATI, OH — Jackie Messersmith, President of Talent Management LLC is excited to announce that Talent Snapshot® has been selected by Woodard & Curran, headquartered in Portland, ME to administer its 2019 Employee Engagement survey in collaboration with Orange Associates.

This is the third Employee Engagement survey Talent Management has administered for W&C. Between the 2016 and 2017 surveys, W&C took action on targeted areas of improvement which resulted in an 1-1 1/2% improvement in engagement results, and responses increasing by almost 200 employees year over year. Additional improvements have been made since 2017, so they are anxious to see how the needle has moved since then.

Woodard & Curran Inc. provides integrated engineering, science, and operation services in the United States, with locations in Cheshire and Enfield, Connecticut; Duluth, Georgia; Portland and Bangor, Maine; Dedham and Andover, Massachusetts; St. Charles, Missouri; Bozeman, Butte, and Great Falls, Montana; East Windsor, New Jersey; White Plains, New York; Pittsburgh, Pennsylvania; Providence, Rhode Island; and Casper, Wyoming.

“We are excited to, once again, collaborate with Orange Associates on the Employee Engagement project for W&C,” said Jackie Messersmith, President. “Our belief is that blending Employee Engagement with Performance Management, provides a path for alignment of company strategy and talent expectations, all meant to drive better performance, business

success and engagement.”
